Government Copyright – Yes

Government copyright grants legal protection to the author or creator of a book by providing them with exclusive rights to utilize, reproduce, distribute, and display their work. This ensures that others cannot use the work without the author's permission, thereby safeguarding their intellectual property. Clever Fox Publishing facilitates the application process on behalf of the author, including the submission of print copies to the copyright authority as required. Once the application is submitted, the author receives a diary number and credentials for tracking the copyright status. In the event that objections arise from the government, necessitating a hearing, legal representation may be required, incurring additional charges. In such cases, the author can seek assistance from a legal consultant. Copyright registration is processed in India.

ISBN & Barcode - Yes

Obtaining an ISBN for a publication is crucial in the process of bringing a new title to market. We will provide both an ISBN and barcode for the book. The process typically takes 5–10 days to acquire an ISBN for the title. To expedite the ISBN application, we recommend finalizing your preferred package as early as possible. We apply the ISBN from India which is valid globally.

Publishing Consultant - Shared

A publishing consultant is a seasoned professional who offers expert guidance and support to authors throughout the publication journey. Their role involves helping authors understand our services, aiding in package selection, facilitating the book review process by our editorial team, and assisting with registration and agreements. In this shared capacity, they also support other authors, which may result in slightly longer response times compared to a dedicated Publishing Consultant.

Publication Manager – Shared

The publication manager (PM) oversees the entirety of the book publishing process, ensuring timely completion within budget and to the satisfaction of all stakeholders. Collaborating closely with the author, editor, designer, marketing team, and other parties involved, the PM coordinates various aspects of the publishing process. In this shared role, they also support other authors, which may result in slightly longer response times compared to a dedicated Publication Manager.

Marketing Strategic Call - Yes

A marketing strategic meeting is arranged between the marketing team and the author during the mid-production stage to devise effective marketing strategies. Based on this meeting, a marketing schedule is developed to align with the book's production timeline.

Book Title SEO Check – Yes

Book Title SEO Check involves optimizing the book title for search engines and e-commerce platforms to enhance visibility and attract potential readers. This process includes researching and incorporating relevant keywords and phrases into the title to improve search rankings.

Cover Design - Advanced (1 Sample)/Standard (2 samples)

Our Advanced cover design service delivers high-quality designs incorporating advanced techniques, features, and customization options. This includes meticulous attention to detail, bespoke graphics, distinctive typography, and advanced formatting to craft visually captivating covers. Authors are encouraged to share their concepts and color preferences for the cover design. Our team then integrates these preferences into the design process, presenting 1 sample of Advanced or 2 samples of Standard for approval.

Illustration and Tables – 30 images

Authors can provide up to 30 illustrations or tables as desired, which our interior design team incorporates seamlessly into the layout of the book. Additional tables of images if you want to add to the book, there will be some minimal charges.

Plagiarism Check Report - Yes

Our plagiarism detection tool generates a comprehensive report by scanning the submitted document against an extensive database of existing works. It identifies any instances of text or content that may have been copied or paraphrased without proper attribution, though it's limited to textual content only. The word limit for this will be up to 70,000. Above this word limit, there will be additional charges appliable.

Content Editing – Standard editing/Proofreading – Up to 70,000 words

A copy editor focuses on rectifying typos, grammatical errors, and adhering to punctuation rules to ensure consistency and clarity in the manuscript. They do not delve into broader narrative issues but ensure syntactical correctness and adherence to punctuation rules, tailoring the editing to the specified variant of English (US or UK). Please note that if your book's word count exceeds the limit specified in your package, additional charges will apply based on the type of editing you select. We generally charge 0.24 paisa per word for standard editing and Rs. 1 per word for advanced editing.

For other languages, additional charges will apply based on the language you choose for publication. Please consult your publishing consultant for details.

Book Summary Edit – Yes

Our team offers editing services for book summaries to enhance clarity, accuracy, and concision. A compelling book summary is pivotal in attracting readers, so we meticulously review and revise the submitted summary, incorporating substantial and line editing as necessary. Authors can also submit existing summaries for review and enhancement.

Formatting & Beautification (Interior Design) - Advanced

Our Advanced interior design service focuses on creating visually appealing and reader-friendly book layouts. Our typesetting team pays meticulous attention to typography, spacing, margins, and overall layout to optimize readability. Visual elements and graphics are strategically incorporated to enhance navigation and aesthetic appeal. If your page count exceeds the standard limit (200 pages limit) included in your package, an additional charge of ₹40 + GST per extra page will apply.

Author Proofing – 2 rounds (softcopy)

Authors receive digital proofs of the book's interior and cover design for approval. Two rounds of corrections are included in the service. Additional rounds are subject to additional charges. It is imperative for authors to provide all corrections within the allotted rounds to ensure timely completion.

The quantity of author copies an author receives will be calculated based on factors such as the number of pages, printing expenses, the use of color, and the type of book being printed. The quantity provided above is for paperback with 70 GSM paper quality, a maximum page count of 200 pages, and black and white printing with standard print sizes. To know exact quantity, please get in touch with your publishing consultant.
